

## **Wetland Study Work for Posey Solar**

Posey Solar has authorized its engineering consultant to visit wetlands and waterways on specific properties within the proposed project footprint with representatives from the U.S. Army Corps of Engineers. This study work is planned for April 7, 2022.

The Corps may periodically be present over the coming weeks as their team reviews wetlands and waterways.

The Posey Solar team is discussing this study work with specific landowners. This is not construction work.

Questions or concerns about this work should be directed to Local Representative Stacy Wagner at [stacy@poseysolarproject.com](mailto:stacy@poseysolarproject.com) or 812-573-0032 or land agent Brad Blount at [bblount@tenaska.com](mailto:bblount@tenaska.com) or 334-796-3353.
